MAIN STRAT #1 TOTAL COMPLETE PROMPT.pdf
8.1 MB
OPEN WITH

Total Main Strat #1 [End-to-End Strat Prompt]. Simply upload PDF as is (configs), or in-line chat. GUIDE: Rec. hijacking/repl. my narr., using myGPT configs. (shared earlier), or my own Teams workplace (happy to share link) to get LLM prompted and 'ready-to-go'. Then, creating your own comfortable narrative prompts and configs (after thorough testing) and final feedback loops back to configs (only after total chat/strat is finished) creating better, optimal workflow.
